

Bridges to Employment

A free monthly webinar series from the Colorado Cross-Disability Coalition designed to assist people with disabilities to obtain and keep gainful employment

Hosted by Brenda Mosby, owner of Mosby Business Services

This month, CCDC launches the first of a five-part series designed to help individuals with disabilities overcome the misperception that working and benefits don't go hand in hand.

Each month we will explore a different, employment-related topic chosen to offer new skills and knowledge in the employment field. Webinars are about an hour-long, require separate registrations, and are completely **FREE**.
